COLORLED PENCILLED PETS: Jan. 11, 18, 25, Feb. 1

Imagine if your favorite animal was able to drive a car and loved to skateboard. Would they be with friends or just on their own? What kind of environment will your pet be moving on through, the jungle, the beach, or the mountains? With a bit of creativity and colored pencils, each student will complete two drawings, while learning drawing techniques, during this session.

PENCILS, PAPER & PASTELS: Feb. 8, 15, 22, 29

Read all about it! If your favorite animal could read the newspaper, where would he or she sit quietly and do so? Each student will draw their favorite animal, holding an actual newspaper. Black sharpies will be used to outline the image, and pastels will be used to complete the drawing with color.

BLOWING A BUBBLE PAINTING: Mar. 7, 14, 28, Apr. 4

If a wild animal was roaming through the jungle and found a pack of gum... Create a painting of a cartoon animal blowing a bubble. Brainstorming and sketches will be made first, then traced onto the canvas. Acrylic paint will be used to finish the painting, along with a real balloon, as the bubble gum.

GONE FISHING: Apr. 11, 18, 25, May 2

Your favorite animal just felt a tug on the end of their fishing line... Each child will create a sculpture of an animal fishing, along with whatever they caught on their pole. The figurines will be made out of clay, fired and then painted with acrylic paint to complete the project.

ANIMAL MARKER DESIGNS: May 9 & 16 (1/2 Price)

During this session, folded paper techniques and markers are used to create a kaleidoscope animal drawing.
